We still face many challenges in our nation building efforts. We must therefore remain united and focus our energies on the application of scientific research and appropriate technology for development plans and programmes. In this way, we will be able to achieve our strategic objectives, namely eradication of poverty, disease, ignorance and under-development.

In order to succeed as a nation, we must mobilize all the Namibian youth, especially members of the SWAPO Party Youth League, to promote national unity, solidarity and patriotism. We should eradicate all negative tendencies of individualism, regionalism and tribalism. Experience has taught us that these negative vices had destroyed nations. They derail social progress and economic development.

As members of the SWAPO Party Youth League, you must re-dedicate yourselves to the ideals of national unity and patriotism so that you can defend our hard-won Freedom and Independence. Although the enemy was defeated politically, he has not given up. As future leaders of our country, you must therefore be on full alert and remain vigilant against deceptive attempts by opportunists and unpatriotic elements that attempt to divide you. As the future leaders of our country, you should act with dedication and commitment; to always promote the interests of the SWAPO Party and the national interests before your own. It is only through that manner that the SWAPO Party will grow from strength to strength and continues to rule Namibia for the next ONE THOUSAND YEARS. Remember, a united people, striving to achieve common good for all members in the society, will always emerge victorious.
