we be patriotic if we dont know the history?

◆ **Posted by Cde.Nuuyoma Neshiko**
The Bornfrees should be proud for themselves to live in an indepent Namibia.SWAPO has sacrificed for them to enjoy peace and stability that their mothers and fathers could not enjoyed at their ages.Therefore my appeal to the Bornfrees to ensure that they register before 30 September 2009. Most important to turn up in thousands on 27-28 November 2009 at all polling stations country-wide and vote wisely and that is to vote for SWAPO and Cde.Hifikepunye Pohamba. Be part of the Big Celebration that will start on 27 November 2009 -21 March 2010.Only through SWAPO your future will be secured. I thank you Bornfrees.

It is our huge responsibility for us as bornfrees of our motherland to go out there and register. Let us all register and vote for our Mighty SWAPO Party. SWAPO is the only Party that put its people first, others are political projects. Lets vote for our Party to ensure that Unity, Peace and Economic stability is maintained and that us as Namibians enjoy the fruits of our country. VIVA SWAPO Party, VIVA!!!!

Thank you our Mighty SWAPO for this discussion focussing on the bornfrees. I am going to vote for SWAPO FOR SURE, I am registered already. I call on others to do the same. One Namibia One Nation!

I think the bornfrees have to track back the events that led to where we are now as a nation and why they can vote now. Just imagine how Nam was 20 yrs ago? Personally I like what the ruling party has done in such a short period. Go register-I was so excited when I turned 18 during my days, its your right and your vote only counts much if you vote for SWAPO.

Immeasurable, the pride that it gave,
And shows the talents that we still have,
TfieNarnib was crossed by those who cameto enslave, Who laid down unkind law on how we must behave, In our hearts, apartheid they wished to engrave, How they wished we were not so brave,
To the young generation let it be told,
That many shed blood and endu red suffering untold,
To free this land, so full of gold, Yet freedom is stillfor us to uphold,
Let every veteran be honoured, For they had the enemy cornered,
In Quito Cuanavale, our moth-

ers and fathers triumphed,
So that generations they have never seen be freed,
We have never been short of leadership,
With vision,, our mothers and fathers are so equipped,
Let it be known that long before Obaraa,
We haƳe been inspired by Nujoma.
To those born after the arms were laid down, Be advised you have duty to pot the cross *down*, On the ballot paper and defeat ail others hands down, For this land is nobody else' but your own.
The born free must keep their pens *on* paper, IVlasterthe sciences so that Namibia win future will matter, You must learn to make machines out of our copper, Harness the power of the atoms and desalinate our water, Strive to make wealth, do not falter.

It's time for a change and changes will only materialise when we make things to happen. Voter apathy is a disease and is dominating among us the youth. This time around we must ensure that voter's apathy is a thing of the past and that voting in big numbers and this will help us to determine our future and that of our country. Lets stive/strive for the best and vote for Swapo Party the only hope and true political Party in this Country. Remember you can only vote when you are registered. Born frees it's our time to ensure that Swapo Party win

the upcoming election with 100% votes for our future.
Born free, one step further lets vote for Swapo, for a better future and peace stability in Namibia. Those who did not travelled and suffered will not appreciate what we are saying to day. Go to countries like DRC, Burundi, Sudan, Rwanda Somaii and see how voter apathy can bring to the Country! It must not be us who bring such a political situation to our country thus I urge us all to go and vote for
The Swapo Party and give it 100% victory. Swapo is the people and the people are Swapo.

VIVA NAMIBIA, VIVA the Patriotic Youth! I thank you!

We have equal opportunity for all. Programmes are implemented to get our people out of poverty. We have the provision of basic services. We have a serious fight against HIV/AIDS and our people have become AWARE
.We are different language groups, but we live like one big family. The list is long.....
It is a fact that all of us enjoy

what I have mentioned above and who is responsible for it, the SWAPO GOVERNMENT. Who is the SWAPO GOVERNMENT? Obviously SWAPO. This is why I am a SWAPO member and that is why we all must vote for SWAPO in the November 2009 Presidential and National Assembly Elections.
I enjoy what my parents did not enjoy and that is freedom, dignity, respect, and integrity. Who brought these values back

**Vote SWAPO Party
Vote Pohamba for President**

H.E. Cde President Hifikepunye Pohamba is the only presidential candidate for 2009 Namibian Presidential Elections and all other Presidential nominees from opposition parties are just mere residential candidates destined for their homes. This is true because after the Presidential Election all opposition leaders will not go to State House but will go straight to their own residence where they will always belong. The SWAPO PARTY and its Presidential Candidates will always maintain a hundred percent election victory and respectfully go to state house now and till the judgment day.

However, one of the newly formed political tribal projects Leader does not have his own house but ironically reside in SWAPO Party bought house and yet he oppose SWAPO Party, what a contradiction? One wonders at the generosity of SWAPO Party for not reclaiming its property from a traitor. In my own considered opinion the oppositions nominees are not worth state house nor capable of leading Namibia even for half a day but the only place they can perhaps be able to lead is their residence / homes as fathers and step fathers. The reason being that, the opposition leaders in Namibia simply lack the ability to do the work because most of them are physically, mentally expired and beyond repair. They are such cowards that the slight criticism against them they run to their friends in the ju-

diary to seek quick money from lawsuits.

Some of them even fail to govern their own personal lives and properties. We have learnt from the media (Informante, Thursday, 10 September 2009) that APP (All People's Party) hopeful is in a court battle and face the possibility of being evicted from his residence because of N\$60,448.00c water and electricity bills. What this literally means is that APP Presidential Nominee is unable to manage his personal life and home affairs. Now, how can a nobody who can not run his own personal life be entrusted to run the country and take care of people's lives? A nobody cannot take care of somebody.

Furthermore, we have equally learnt from the Media (Informante, Thursday, 18 June 12009) that a certain RDP Presidential nominee fainted when they were busy glorifying Queen Elizabeth at the British High Commissioner's official residence. He fainted while having a cup of tea in his hand and this clearly shows that he lacks the power to even lift a cup of tea from his hand to take it to his mouth as a result he fainted and only recovered when he reached his residence because he is a residential candidate. Now if someone is unable to lift a cup of tea, how can he lift our country from the economic meltdown? May I seize this opportunity to advice the RDP nominee to concentrate on his residential matters than presidential ambitions because the presidential election results announcement might be detrimental to his health and lead him to Intensive care unit in the hospital? Which is unfortunate situation which I do not wish to any living creature on earth. The people of Namibia know him to well as a successful failure manifested in PIDICO, AMCOM and the list is long. In a nutshell the RDP Presidential Nominee is bad news and physically expired. The later can be equally attributed to the hundred times recycled advanced aged Presidential Nominees of DTA, UDF, COD ,RP, NUDO and other political tribal projects which were severely defeated by Cde Dr Sam Nujoma in the past Presidential Elections. Ironically, the abovementioned opposition parties Leaders and NSHR brainless Director were in the past presidential elections very much vocal and instrumental in discrediting and campaigning against the third term of Cde Dr Sam Nujoma as proposed by the majority people of Namibia saying he must retire because he is too old while most of them are still hanging-up to power and craving for state house as old and depleted as they are. This, to me is a serious intellectual dishonesty of the highest order ever committed in Namibia and most these opposition leaders are victims of disorganized minds. The Founding President of the Republic of Namibia, who is a world icon, is hundred percent fit and full of energy to an extent that he volunteered on heavy national projects such as rice transplantations, railway constructions and the list is long while those who claim to be young cannot even afford to do manual work or even to lift a spade. I therefore, beg to propose that those in opposition political projects who were saying the

Founding President of the Republic of Namibia should step down as Head of State must be honest to themselves and remove their names from the 72 party lists of parliamentary candidates just like what H.E. Cde Hifikepunye Pohamba, did and only contest for Presidency. The mere fact that all opposition leaders are on 72 party list as well as presidential candidates list shows us how insecure, greedy and power hungry they are.

For the past few years Namibia has witnessed leadership nothingness in COD which has resulted in COD being sliced like a birthday cake between the splinter groups. Now, if a COD leader of 300 members from the some church (FFF) as it was formed and is unable to lead and unity such a small membership base how can he day dream of leading a country of more than two million people? The DTA leader in the past presidential elections promised each Namibian a tractor but up until today there is no tractor or sign of tractors delivered to the electorates as promised. In Namibia it is only the SWAPO PARTY that has implemented its party manifesto fully and this is the party worth voting for and not political opportunists such as DTA which literally means Death to Africa.

Namibians and Namibia as country deserves trusted leaders such as the SWAPO Party Candidate H.E. Cde Hifikepunye Pohamba. His name Hifikepunye means "I am not your equal". This is true because he is the might. No one equals his outstanding presidential standards and caliber to lead Namibia and Namibians to the attainment of vision 2030. Thank you to the prophetic Founding President and Father of the Nation, Cde Dr Sam Nujoma whose wisdom surpass mankind's understanding because he saw the caliber of President Pohamba before everyone else. We are impressed with his five years term of office which has witnessed considerable easy of life in Namibia as such he ought to have a second chance to lead us as a president because he has the ability and energy to do the work better than any opposition leader/s.

In conclusion, it is biblically tested that god created people in his own image and in Namibia the people are SWAPO and SWAPO is the People and now if you are not a SWAPO Party Member then what are you? Stop deceiving yourself with foreign funded political tribal projects in the name of opposition parties because you lack the mandate, history and solid foundation which SWAPO Party enjoys from the Namibian people. It is evident that SWAPO Party is hot and strong each and every passing day towards the election and soon all opposition parties will be electro shocked through the ballot box and forever buried in a political scrap yard. It is a well known fact that all peace loving Namibian will always vote for SWAPO Party and SWAPO Party will win all 72 seats in the National Assembly and govern Namibia until the second coming of Jesus Christ, amen.

Cde Charles Siyauya SPYL: National Executive and Central Committee Member.

to us? SWAPO. BORN FREES, please realise how lucky and privileged you are because of SWAPO. We must ensure that SWAPO stays in power by giving it the mandate again and this time an even stronger MANDATE in NOVEMBER 2009.

There is thus no time for play
