Born free message continue..... It is high time that we have to start realizing that the progressing of this nation lies on to our hands and shoulders as young Namibians. If we recall well in history it is the SWAPO party that travelled in and outside the country to make sure that Namibia reach its destination and that is the day of independence Viva Cde Nujoma viva! There is no other history that talks about RDP, APP, RP etc. It is well known that in order for us to prepare the future we must always reflect the past and this is what the Swapo party has done and we still remain doing it. Dear Cde,s I have to tell that it is a great pity to see a young Namibians, well raised by the Swapo party government, standing up in confusion and say I am not going to vote for SWAPO party. Believe me Cde,s this is the same as telling your own parents that i have chosen not to be your child anymore. Please young Namibians let us not allow the recently formed opposition parties to ruin our democratic living. In Swapo party we know that we are going to remain victorious and visionary young leaders. viva cde Pohamba!

Dear Comrades, I am 100% supporting Cde. Ngurare for the Regional Councillors to be given transport that will enable them to serve voters effectively in their constituencies. I suggest the best option is to give the Councillors a car scheme and they will be responsible for the maintenance of their cars. I witness that a number of Regional Councillors are struggling with transport to travel through out their Constituencies or even to knock at the doors of Service Providers/investors. Remember Comrades to vote on 26 November 2010 as SWAPO traddion, we vote on the first day of the Election. However if you did not get time, vote for the SWAPO Party candidates on 27 November 2010. SWAPO U n i t e d , S W A P O Victorious, Now hard work. Aluta Continua!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

◆ **Posted by Cde Kapiye Timotheus**

This message is aimed at encouraging and motivating young Namibia born after independence of which we are referring today as born free. Dear Cde,s allow me to remind my fellow young Namibians that our fore fathers have sacrificed their lives in order to liberate us. Through Swapo party they fought to make sure that the future heroes and heroines will have freedom. And today we are from any kind of oppression, free from exploitations and free because of Swapo party. A party that never discriminates, a party that never tortures but listens to our voices. As Swapo party members we are going to leave our hearts open to those young citizens who were mislead, we are still telling you to be free and come back to where you belong and that is to the Swapo party we are ready to welcome you all. Swapo was there, it is there and it will still remain here. Born free go and vote SWAPO party on 26-27 November 2010. Don,t forget. Call me or sms me, I will give you some informations how you vote SWAPO party! 0816104895. Cde Kapiye Walvis bay. I thank you.

I think it is high time that please let us show our support to genuine issue and not confuse things and politicizing them, the GIPF saga is a national issue and serious and if workers feel like demonstrate it is their democratic rights to show their unhappiness to the issue and not Kaaronda or NAPUWO VS NANTU, if the leadership does not agree it does not mean all workers are also with them, please do not away with isolation and show your solidarity and maturity. Please we must go in big numbers come 26-27 November to vote for our Party SWAPO!!!!!!!!!!!!!!!!!!!!

◆ **Posted by Cde Kapiye Timotheus**
Cdes imagine how many people quit radopa, COD, NUDO etc? They quit because they saw that those parties they go no where. be in SWAPO the

party we trust go and vote SWAPO party! viva SWAPO party?

◆ **Posted by Posted by nyamu speech at okurangava rally**
Point of infomation i want to update Mr Nyamu that Tobias Hainyeko does not know the existence of Rdp, He must stop misleading the nation. Down radopa they a speechless.

◆ **Posted by Cde.Katusha kaNamibia**
Dear Comrades, let the demonstration go on as planned. I salute Comrade. Kaaronda this is not a strike but rather a demonstration to show the dissatisfaction of the workers on how the GIPF saga is being handled. Government has been sitting with NAMFISA Report since 2007. Government should learn to act on time without delay. GIPF saga is a national interest, therefore workers should be allowed to express their dissatisfaction. Aluta Continua!!!!!!!!!!!!!!!!!!!!!!!!!!!!

My dear cdes, we liberate this country and we continue to develop and sustain development brought by our Mighty SWAPO party. Let all 13 regions be taken by SWAPO candidates coming Regional & Local election. Long live SWAPO!

View Point

By Dr. David Namwandi

The brave people of Namibia have set themselves on a journey towards progressively improving their lives and have for the past 20 years been charting for themselves a bright future.

Each and every day, they demonstrate their desire and boldness to run a marathon to the finish in building and developing their nation. Every parent, every child, every man, every woman, every elder wakes up in the early morning hours to make a contribution towards the molding of our nation to become a proud nation, able of reaching greater heights and become exemplary on the continent of Africa and beyond.

In saying so without any doubt, the SWAPO Party is the only political party in Namibia well positioned to objectively govern Namibia because it embraces a genuine desire and aspiration to continue propelling our nation to a successful conclusion.

The SWAPO Party stands as the only undisputable political party in this country that has walked, with the Namibian people, a long journey of 50 years from colonial oppression to freedom and independence and, thereafter, to the consolidation of freedom, peace justice and tangible development. The Organization of African Unity, OAU, the forerunner to the African Union, AU, and the international community in the seventies were absolutely right when they recognized SWAPO then as the "sole and authentic representative if the Namibian people".

Every five years since March 1990, the people of Namibia have been voting and continued to honour SWAPO Party with the mandate of governing this land of the brave on the basis of our promises and our contract (manifesto) entered with the people of Namibia.

We are asking all eligible voters in Namibia not to be misled by groups with no good intention. We plead with them, especially the borne free comrades to renew our mandate once again to deliver on our promise to continue on our journey towards sustainable development, the promise to transform Namibia into a fully industrialized nation by 2030.

The SWAPO Party is focused and has a clear vision for stirring Namibia towards a first world class nation. This is demonstrated in the SWAPO Party Government Vision 2030 and National Development Plans (NDP 1 - NDP 3) as well as through strategic plans designed for each and every conceivable sector involving development.

The SWAPO Party government prides itself in its success to have consolidated institutional framework in the area of local authorities to enable them to deliver effective and efficient services to the people. Our homework is to continue providing adequate housing to our people. Working together with local authorities, the SWAPO Party is committing enormous resources towards building infrastructure for towns, village councils and settlements.

In particular, we will service plots for the local authorities with the aim of eradicating shacks and unhygienic conditions in our Country.

The SWAPO government is a caring government and it is truly committed to the development of this country in its totality. The line ministry i.e. Ministry of Regional, Local Government, Housing and Rural Development, has since been tasked to increase infrastructural development for local and regional councils over the next six years.

It is on record that the Shack Dwellers Federation receives N\$ 3 Million, not to mention funds that are allocated to Build Together Projects, every year to uplift the standard of living of our people. To demonstrate undivided commitment to the living standards of our citizens, N\$10 million is allocated to a special project to improve sanitation and water provision in areas such as Tobias Hainyeko, Moses Garoeb and Khomasdal North Constituencies here in Khomas Region.

To this effect Khomas Regional Council contributes N\$ 1,2 Million while City of Windhoek contributes another N\$ 8 Million to the above noble cause and this is an ongoing obligation. As for the doubting Thomases they should go to the above areas to acquaint themselves with the activities on the ground.

Last year, (City of Windhoek) SWAPO government purchased Mix camp settlement for the amount of N\$ 5 million to ensure that the 5000 Namibia living in that camp are resettled once and for all, certainly this can only be done by a caring government, realizing that Rome was not built in a day.

With exception of Katutura Central, all 9 constituency offices have been constructed, thus fulfilling our promise to construct 107 offices in all 107 constituencies countrywide.

As promised, the SWAPO party has ensured all but one, the completion of 107 constituency offices in all regions of Namibia, to build toilets for rural households of Caprivi, Kavango, Ohangwena, Oshana, Omusati and Oshikoto Regions.

The process is ongoing in ensuring that the bucket system is eradicated in all towns and settlements in Namibia and install flush toilets for all households previously affected by the past colonial and segregation system of the former South African regime.

We take pride in the SWAPO Party for its continued programmes to strengthen institutional framework by ensuring decentralization of powers to the regions and this is not lip service but a reality. Decentralization is a continuous process which is bearing excellent fruits for the people of Namibia. Unlike before all citizens are now exercising their rights to participate in decision making due to decentralization, which directly and positively impact on their everyday lives, thanks to SWAPO Party government.

While at this point, may I shed more light on the rational why the President of Namibia has opted to appoint governors in all 13 regions.

The President wants to have first hand information, in order to help you better (you the electorate). Contrary to our detractors' notions and allegations it is actually in the best interest of the masses that President appoints governors to serve you better.

Its just logical to vote for a party whose councilors will be wide awake in all their dealings especially throughout the Parliament proceedings.

Those who are privileged to follow national Parliamentary debates, would agree with me that some Parliamentarians all they do in parliament is to sleep, while SWAPO Parliamentarians are passing bills. Compatriots, One of the sacred tenants of the Namibian Constitution is the guarantee of inalienable and democratic rights of citizens to participate in elections at national, regional, and local levels. The SWAPO Party is already proud to take credit for the organization of past Presidential and Nation assembly elections by enacting the necessary legislation and ensuring that sufficient funds are allocated to run the elections, so that our people could elect political representatives of their choice whereby ensuring that democracy is alive and well. The above is a clear demonstration of the SWAPO Party continuous fulfillment of promises it makes to its people, right from the very incipient. Remember our famous expression during the struggle of our nationhood: "SWAPO guides and people decide!"

As I said during national and presidential election last year; to us people are crucial to this process - people who are prepared to make a difference. We are determined to make a difference by the diligence we bring to our training Institutions; the passion and rigour we bring to our teaching and research; the inclusiveness and transparency we bring to our decision-making; the pride we bring to our administrative tasks; the dedication we bring to service; and the courtesy and respect we bring to our interactions.

SWAPO will continue to make a difference to our cities, towns, regions and nation by the quality of our graduates; the relevance and excellence of our research and programmes, the inspiration of our creative graduates; the positive impact of our collaboration with others; the strength of our bonds with community, business and industry.

Notwithstanding, we are aware of some schools practicing dirty tricks to bring back the past
