Now that we are to face the other local and regional councils elections I am appealing to the elected candidate of SWAPO PARTY, to look serious to the unemployment issue, to make sure after the election they create conducive environment for the job creation, there are many projects that can be done to alleviate the situation, one of them as I had stated some times ago is the issue to built the sport stadium at Eenhana and Outapi, I was happy to see that the Eenhana had already the area fenced even (reserved erven), what is needed is to start the capital project, imagine how many people will be employed so to say for the period of two to three years? One thing for sure is that sport is such important in human kind therefore decision maker should start to encourage the building of sport complexes and facilities, Hope we gone have soccer stadium in Outapi and Eenhana by 2015. Cde I specifically mentioned the two town in the sense that the two capital city for both Omusati and Ohangwena Regions, looking in terms population wise, They are mostly populated Regions and some thing should be done to create job there and perhaps will also avoid the flocks of many young to big cities were the immigration into cities is another big problem we gone face if we are not acting now!!!!!!!!!!!!

Dear comrade and fellow citizen of the land of the brave, the history we know already for our country only maybe the ignorant once will not know the history of this country. Comrade about GIPF money for those who are involved should be brought out and questioned, but my concern is that money was loaned or invested maybe we need more explanation on that. but my view for today that i want to share with all those who love peace is the wedding of HIDIPO AND HENK, what a shame to these puppet parties! my view is that these puppets now they are confused and i edge all SWAPO PARTY supporters to be ready to defeat this cowards, and shameless pupils with pen and paper. now they are moving around during the night from house-to-house in the remote area to tell pupils their lies, shama waudu ombwa yaweda ponhu yeumbo loye opena oshimbwa shemwengwu kuwa onghuwo inokutha odibo aye kuwa ashike osheshi olutu lihena endunge ohalihepeke omutwe, sho oshone tashiningwa komalayi aa oRADOPA NOMAPWILI MAKWAYO omoveli momikunda omo ihavalengwa oshiwana iinashivahala ndembela kaveuditeko. omahololo okwafika tudenge ombwa ikanangale mepya nee. O,SWAPO OYO OSHIWANA, NO SHIWANA OSHO O,SWAPO. VIVA SWAPO VIVA.

Cde Tariq your questions are very valid and deserve to be incorporated into the envisaged or sanction enquiry. We will need to come up with a new term for this gross violations of the civil servants money, because I do not think misappropriation/ fraud/ theft/ missmanagement are the right terminology for what happened. We are still reeling from Avid/SSC/RCC/ODC/NAMCOR, to mention just a few, and it seems that we have elements with cash register instead of hearts. People being so cold blood to enrich themselves to the point of bankrupting the very nation they swore to protect. Vakwetu, the evil of money has been clearly defined by Judas, we seem to have developed a liking to overeat with our eyes. Yes Cde I fully concur with you that those questions you posed must be addressed without any ambiguity.

Dear Comrades, my unwavering thanks go to the people of Hardap and Karas regions for come out in big number to show the unguided projects that SWAPO is still united than ever before. The Mariental Stadium was packed to its capacity on Saturday, 16 October 2010 to kick start the campaign for Regional and Local Authorities Elections. Joseph Stephanus in Keetmanshoop was also painted blue, red and green, yesterday, 17 October 2010. Both rallies were blessed with the presence of the Father of the Namibia nation and Leader of the Namibia revolution. Victory is certain comrades, Aluta Continua! More rallies will follow in due course comrades, be part of the winning SWAPO Party.

G.I.P.F; G.I.P.F, I would like to know, whether this institution was issuing loans or investing? My concern is the money it issued to financial institutions such as sanlam and fnb. Financial institution such as bank would normally borrow money from the reserve bank/ bank of namibia which offer financial loans at a cheaper rate in the country. I hope that the forensic investigation will shed light on the following questions: 1) What was the terms and conditions of these loans/ investments? 2) what was the

The S WAPO Party has, in earnest, entered the race for the Regional Council and Local Authority Elections that are due to take place on the 26th and 27th November 2010. As was announced by Comrade Pendukeni Iivula-Ithana, Secretary General of the SWAPO Party, His Excellency Comrade Hifikepunye Pohamba, the President of the SWAPO Party, will address a Star Rally on Sunday 23 October 2010 at Katutura Multi-Purpose Stadium in Windhoek. His Excellency will then proceed the very next day to Tsumeb for a similar meeting. This will be the first of the many Star Rallies that the SWAPO Party will hold in the all corners and length and breath of this land of the brave. The Regional, District and Branch leadership of the SWAPO Party is hard at work to mobilize the people by conducting rallies and using all well conceived methods to sensitize the members and recruit new members to vote for the SWAPO Party come these elections.

I wish to announce that the SWAPO Party has put in place all its machineries to campaign vigorously to win outright in all the 107 constituencies and the 54 local authorities. It will leave no stone unturned in reaching out to all potential voters and informing them about the good intentions and national developmental programmes so pertinent to our nation building. The SWAPO Party has incalculable foot soldiers who are ready to carry out and participate in an effective but peaceful campaign. I call on the entire leadership and the rank and file of the Mighty SWAPO Party to stand united and wage a campaign that will send the so called opposition parties to the underworlds where they will continue to see the end of the road. They must intensify the campaign by mobilizing and educating all Namibians to vote for the SWAPO Party come the elections. They must work day in and night out to accommodate and attract more new members to the Party, render such new members all the assistance necessary and ensure that they have understood the realistic and true development gospel as reasons for joining and voting for our noble and purposeful Mighty organization. In our engagements, we must employ tactics and strategic methods that have been devised and communicated to your respective regions, districts and branches through the structures of the SWAPO Party.

The Political Bureau of the SWAPO Party has reactivated the National Preparatory Committee for the 2010 Regional and Local Authority Council Elections. In the same vein, the Committee has put in place Sub-Committees headed by members of the Political Bureau to ensure that all aspects of elections are covered. An army of SWAPO Party finest ranks and files have

volunteered themselves, throughout all regions, districts, branches and sections of the Party structure to play a pivotal part in waging a campaign and contributing constructively. More will continue to join to ensure that their mass movement has captured all areas designated for the filling of candidates.

I also wish to call on all Namibians who desire to join the SWAPO Party not to hesitate but do so immediately to strengthen even more the position of our Party in bringing about the necessary development so much a prerequisite to the improvement of the lives of all Namibians and of a better society in total harmony with itself. All people of goodwill who wish to join may approach our offices and leaders from sections, to branches, to districts, to regions and the Headquarters in Windhoek. It is only in the SWAPO Party that all Namibians can feel dignified, honoured, privileged, revered, respected and the ultimate worth of human belongingness.

The upcoming Regional Council and Local Authority Elections are of crucial importance due to the fact that they shape the structures in our governance system that accommodate the participation of respective communities. These are structures that the Government of the SWAPO Party has created and perfected over the years throughout our independence since 1990. Through them, our citizens are empowered to demand provision of services, monitor and evaluate the performance of their elected leaders. This is true democracy in practice.

The Namibian people are yearning for and deserve to continue to be served by a mature and experienced political party that has but their best interest at heart; a political party that stand as a solid and safe nest for all the citizens to be accommodated and where they find solace, peace and tranquility. Founded on the 19th April 1960, the SWAPO Party was established on a crucible of oppression at the trying time when the Namibian people were under apartheid colonial yoke perpetuated by the former racist South African defunct regime. Today, all Namibians of all race, colour, creed, ethnic group and sex are united as one, participating in the democratic process that serves as a vehicle to govern themselves and to determine their destiny. The election exercises we are engaged in are a result of the protracted struggle waged by the SWAPO Party in which supreme sacrifices were made by the many sons and daughters of the Namibian soil. We owe it to them to strive for a harmonious society where peace, freedom, justice and solidarity prevail above all else.

The SWAPO Party has a proud history and a clean record of fighting for nothing but the just cause of all its people. Twenty years of service to the Namibian people has been marked by developmental programmes and agenda that has propelled Namibia to greater heights we see and experience today. The achievements of the SWAPO Party are self evident in every corner and every section of our society. Prior to 1990s and since the first years of colonialism in the late 1800s, one could not speak of development targeted at the improvement of the livelihood of the inhabitants. Namibia now boost as a nation amongst nations of the world with first world class infrastructure, electricity, water and provision for essential services. Our developmental agenda has been well articulated and crafted in manuscripts for all to see and participate. We govern with the mandate drawn from the people of Namibia who agree with our promises and pledges to them. These have been translated into living documents namely SWAPO Party Manifesto of 2009, Vision 2030 and National Development Plans - NDPs.

All Namibians, including the young generation of today, have the responsibility to carry the torch of freedom and independence forward and to pass it on to the generations to come. How can this be achieved? It is through their participation in the democratic process and to elect. Constituency and Local Authorities Councillors of the viable political party that will serve their interest. It is incumbent upon them to evade falling into the traps of opposition political parties prostituting to be saviours and miraculous prophets. They are and remain to be nothing but false prophets that are true lions camouflaged in the sheep's skins, striving to destroy the gains of progress and advancement that the SWAPO Party in unison with the people of Namibia have worked so hard to achieve.

The SWAPO Party is a responsive party to the noble calling of shouldering the responsibility towards our people. It is fully committed to the fulfillment of the mandate entrusted it by the fine citizens of this land of the brave. We will continue to safeguard the hard won independence of Namibia, peace and stability and, further, continue to foster unity and harmony amongst our people. It is only through an atmosphere of peace and stability that our people's lives will be improved and a developed and prosperous Namibia can be realized.
