Now that we are face to the other local and regional council elections I am appealing to the electorate of SWAPO PARTY, to look serious to the unemployment issues, to make sure after the election they create conducive environment for the job creation, there are many projects that can be done to alleviate the unemployment, on the other hand, I had stated sometime ago it is the issue to build the sport stadium in Eenhana and Outapi.

I was happy to see that the Eenhana had already the area earmarked (where the stadium will be), what is needed is to start the capital project, imagine how many people will be employed to say for the period of two to three years?

One thing for sure is that sport is such important in human kind therefore democracy should start to encourage the building of sport complexes and facilities, Hope we have seen soccer stadium in Outapi and Eenhana by 2015. Cde.
