Cdes, if we reflect the past we can understand that the history of SWAPO is the only history that is bright to all citizens of this soil and abroad. Let's all be vigilant and watch out, not to allow the trator to take over ranks in the leadership of SWAPO party. Those trators pretend to be as loyal members of SWAPO, but in reality they want to destroy SWAPO party within. They advising our people negatively and preach tribalism speeches aims to divide people ac-cording to their tribal, re-gional and to their ethnic line. We are totally rejected such ideas and prepare our-selves to hammer off the heads of such dishonest ele-ments this coming 26/27 Nov 2010 elections. Mistred people, come back home to join SWAPO party. Outside SWAPO party there is no political safety.
